

PETITION URGING HYUNDAI TO TAKE ACTION ON ALABAMA'S ANTI-IMMIGRANT LAW

Hyundai:

As a member of the Alabama community and an important part of the Alabama economy, it is your responsibility to work to protect the civil and human rights of your neighbors — not to mention your customers.

You have the ability to stop the suffering under Alabama's horrible anti-immigrant law and your failure to take action is unacceptable.

You rely on our communities to buy your cars and now we need you to use your influence to protect our communities. It is time to take a stand and work to repeal Alabama's anti-immigrant HB 56.

**Signed by over 30,000 individuals to date and
the movement continues to grow.**
